History of Rock and Roll – The Early 60s

We continue with the History of Rock and Roll by moving into the turbulent time of the 1960s. Rock music of the late 50s and early 60s had become less rebellious and was turning people off. Out of this boring state, several trends started, including Motown, surf rock, folk music – and especially the British Invasion. Stay tuned as we dig into the origins of Rock and Roll.....
